

Theodore Zurek-Dunne

Email: 99theodore@gmail.com

Mobile: 647-444-2227

Portfolio: zurekcreative.com

Skills

Typescript, React, Git, Tailwind, NextJs, NodeJs, Figma,
Zustand, Docker, MongoDB, Netlify, HTML, CSS.

Experience

Kato.Studio

Founder

Toronto, ON

Oct 2020 - May 2022

- Built a CMS to help manage client content and facilitate additional functionality for my clients. The CMS is built using Nodejs+Typescript and Docker allowing for a microservice architecture. That operates headlessly allowing content to be fetched from anywhere.
- Many of my clients found google analytics too complicated so I built a simple analytics system. that monitors active users on a site time spent on the page and events like mouse clicks as well as custom events and scroll percentage.
- Designed and developed websites for clients ensuring good UI/UX, SEO and accessibility, as well as achieving 95+ lighthouse scores.

Sales Growth Development

UI/UX Designer / Front-end Developer

Toronto, ON

Dec 2018 - Dec 2019

- Led the redesign of an application that a client was unhappy with, ultimately retaining the client. and drastically increasing client satisfaction with the application.
- Maintained and improved the usability of existing client applications.
- Responsible for the design and development of 4 client sites, optimizing SEO, accessibility and performance. resulting in decreased loading times of client sites by 20% on average.

Freelance

Designer & Developer

Toronto, ON

Jan 2016 - Dec 2018

- Consulted with clients on the most appropriate solutions for their business pain points.
- Designed and implemented the given solution, i.e (rebranding, packaging, marketing materials, website redesign) resulting in increased brand recognition and sales.

Designation: Winner of the 2019 McMaster Design League UI/UX Designation

Interests: AI, Game Dev, Marvel, Illustration, Pixel Art

I have a lot that I want to talk about that I can't fit on this page
I look forward to talking with you [Email](mailto:99theodore@gmail.com)
